Our counselors, Mrs. Collins and Mr. Goss, have been helpful in solving our schedule problems and our personal problems. They have aided the Seniors in choosing their colleges and their careers, and they have directed the underclassmen in preparing for their future. We owe them both a big thanks.

Two secretaries, Mrs. Wright and Mrs. Spencer, have been kept very busy this past year. Not only do they type and edit the daily bulletin every day, but their day is filled "so full of a number of things."

Three Staffs Serve Us

Top Row: Frankie Wheeler, Bernice Young, Thelma Freeman, Betty Smith, Judy Brown. **Bottom Row:** Jessie Thompson, Marie Bishop, Clara Horne-Director, Irene Fipps, Elva Hart.

It's all in a day's work!

Although feeding 900 hungry students every day is a difficult and often thankless job, our cafeteria staff accept the challenge, and the result is a fine meal every day.

Our custodians spend many hours—and after hours—making it possible for the curricular and extracurricular activities of both students and faculty to run smoothly.

Safety is the by-word for transporting 500 students to and from school each day, a very tedious job, but one that someone has to do. Twenty-six bus drivers lend their best efforts in order that we might all have a safe trip.

We, the students of Moore High, are in debt to these staffs for making our year at Moore High just a little bit better.

Under the editorship of James Tidwell, The Lions Roar, MHS bi-monthly newspaper, fulfilled its purpose of informing and entertaining MHS students. The Lions Roar Staff demonstrated fine journalistic abilities as they strived to present facts to their 900 readers. The news section was supplemented by a thorough, provoking editorial department that expressed developed opinions concerning many school problems.

The editors, as well as the reporters and assistants, deserve the thanks of the entire student body for their invaluable school service. Under the leadership of Mrs. Bennie Raine, Lions Roar sponsor, the newspaper received "With Highest Honors" at the O.I.P.A. Convention held at the University of Oklahoma.

This year James Tidwell was Teen Correspondent for Oklahoma City Times and Judy Buckelew was Teen Correspondent for the Oklahoma Journal.

Working hard, the 1966 yearbook staff tried to meet the standards of the 1965 Timekeeper.

They attended workshops at O.U. in both the Fall and the Spring. The staff learned many new ideas and tried to transfer them to this yearbook.

It takes many hours to complete a yearbook as the staff soon found out. From the time an idea is conceived, until it is on the printed page, you must plan and draw layouts, take pictures, identify pictures and write copy. Then you send the page to the printer.

These are the efforts that have been made, and this is our finished product—we hope you like it.

Alpha Lambda Omega was the name chosen for the newly organized science club. No one was allowed to know what the name represented until the initiation. The name, very appropiately, stands for the beginning, the middle, and the end. The purpose of the club is to learn about science and the important role it plays in our democracy. The club has gone on several field trips, and one of their main projects was the Science Fair.

Active FBLA Membership

One of the newest clubs at MHS is the Future Business Leaders of America. Under the direction of Mrs. Wanda Loman, sponsor, the club began its work of communicating the advantages of a career in business to MHS students. Our chapter, which is second largest in the state, was installed in January by the Grant High School chapter.

Some of the many activities of the club include serving as hostesses for open house in November, handling publicity for Senior Class Play and selling cokes at the Football Homecoming Dance. The club also had many speakers from the business field to come and address the club members.

FBLA members enjoy refreshments before calling the bi-monthly meeting to order.

After an installation and tea, when people with the same interests gather, there is always something to talk about.

This year, the Lionettes have inspired the student body to have greater school spirit than ever before. The main purpose of the Lionettes is to build and further school spirit, and they have accomplished their purpose this school year. The Lionettes provided both the football and basketball homecoming booths, they also had an All Sports Banquet for all the boys and girls in sports. The girls had plenty of fun cheering at the ball games, but most of the fun probably came during their Powder Puff football game in November. Joan Hoffman and Linda Barthel are sponsors.

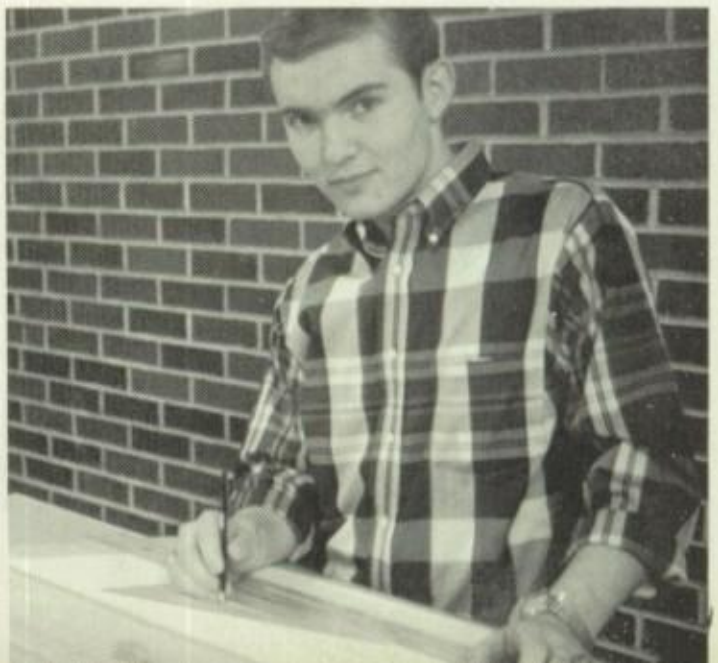
Drafters Make Blueprints

The Industrial Arts Club tries to widen and deepen the interest and knowledge of the students in this technological age and to motivate good school work. On February 19 the Industrial Arts Club attended the State Meet-of Industrial Arts Clubs.

Rodger Sanders is also state president for Industrial Arts Clubs.



Welders Train for Industry

The forty-two boys in Welding do various jobs during class. They get three credits for this course. The afternoon class consists of boys in Welding II and III.

The State Welding Contest was held in Moore to determine the outstanding welder in the state.

In welding they learn to do short arc, heli-arc, electric arc, and oxy-acetylene. After they have finished a three year course they can work in any shop.

Raymond Burton, Kenneth VanNest, and Charles Reed repair a car muffler.

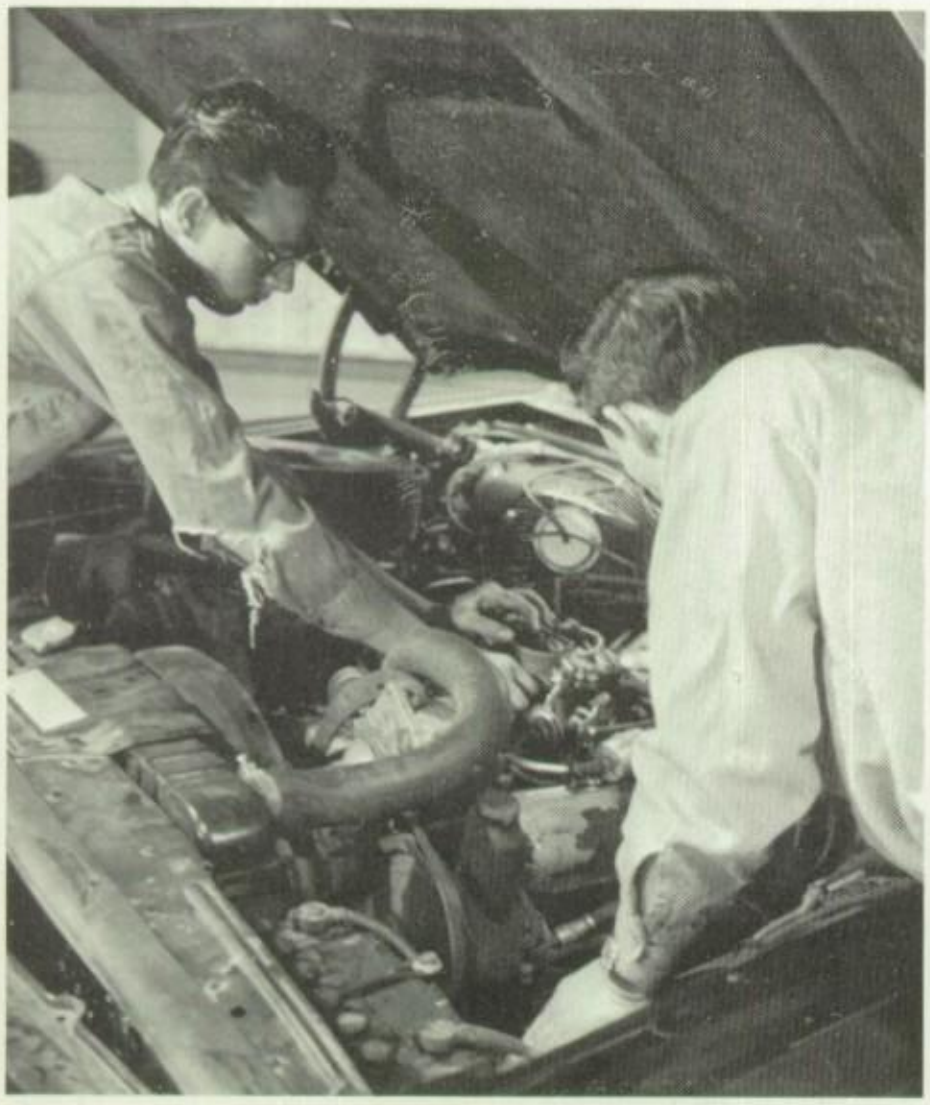
Mechanics Detect Car Ills



Dan Medlin and Charles Dortch check the carburetor of a car.

Graduates of the Auto Mechanics course at MHS should be able to go into any phase of work in an auto repair shop.

Students work with all kinds of repair equipment including valve grinders, wheel alignment machines, "A" framer hoists, wrenches, micrometers, and creepers. They learn to overhaul engines, diagnose engine problems and be able to solve them.

Larry Rutledge, Ronald Morris, and Dan Medlin inspect a chassis.

Cosmetology Offers Vital Training

This is the second year cosmetology has been offered at MHS. After students compete 1,000 hours in class they can become a licensed beautician if they pass the State Board Examination.

Training activities range from hairstyling to facials and make-up. They attend the State Hairstyling Contest at Watonga. Each cosmetology department across the state enters in the contest. The girls make up their own hair styles and are judged on workmanship, originality and adaptability.

Patty Ward, Judy Tender and Cindy Nichols look through hair fashion books to get new ideas.

One aspect of learning to be a beautician is being able to give a facial.

Mrs. Kimmons covers wig styling procedures with the class.

Lettermen Promote Sportsmanship

Purposes of the Letterman's Club are to raise standards of sportsmanship in all areas of living and to emphasize becoming the finest kind of person one is capable of becoming.

Some goals of the Letterman's Club are to encourage good relationships of the various groups of Moore High School and to promote better cooperation between the Athletic Department and other school organizations.

Library Serves MHS

Mrs. Mantooth helps Julie Julius find reference materials for a term paper.

1,300 volumes have been bought or donated to the library this year. The staff consists of twenty-five girls who work each hour, before and after school. The girls keep accurate records of books checked in and out and learn how to catalogue the books.

The library contains current magazines and local and state newspapers. The aids also assist Mrs. Mantooth in making attractive bulletin board displays.

Mrs. Mantooth, Janie Moore and Julie Julius check in books while Roberta Nance checks a book out.

The office aids are a necessity in our school, and this year they have proved themselves to be very capable. The office girls keep records of the absentees and run errands for teachers and the administration. The girls learn to be good office workers while representing the school in the office.

Daily Office work keeps secretary George Anna Wright busy at her typewriter.

Aids run many stencils.

Office aids do chick class cards.

Debate Teams Show Strength

The Speech Club has become one of the most outstanding clubs at Moore High School by trying to promote better communication between school, teachers, parents, and students.

The club helped to sponsor the "Womanless Wedding". The members of the club went to many speech contests this year including trips to Okmulgee, Weatherford, and Ada. One of the highlights of their year was the Speech Club banquet held in April.

The debate teams of MHS, a part of the speech department, have had a very rewarding year. MHS has five debate teams, but only three of them enter in any contests.

This year, the debaters participated in events at Stillwater, Ada, Durant, and Edmond.

Debaters in action are Mondell Dillard, Bob Price, Tom Cole and Steve Dulude.

Simmons, Coach Shive, Coach Watson.

These are our coaches: Elvin Sweeten, Bob Vance, Jack Watson, and Frank Shive.

Captains: Gary Darnell and Richard Howeth.

Speed, size, ability and competent coaching are important, but hard work, teamwork and desire are essential in having a successful football season. The 1965 edition of the Lions was filled with joyous victories and some disappointing losses. The boys played hard and conducted themselves like athletes in sportsmanship both on and off the field. Many factors determined the success of our team this year and part of this was the backing of the entire student body.

Basketballers Pile Up Points

Gotta get it into that basket!

The MHS basketball team surprised many followers this year by compiling a 10-14 record. The Lions played great ball at home but their inability to win on the road cost them a winning season. Junior Dennis Wilson led the Lions in scoring as well as rebounding while senior John Folks came in a close second in the scoring race.

Track Team Practices Skills

Our track team shown here began the 1966 season under the direction of Coach Frank Shive with a squad of twenty-nine. As the yearbook went to press they were preparing for a fine season.

Richard Howeth sprints away.

Mike Wilson, Richard Howeth and Dennis Harding practice relay racing.

Jimmy Kieth prepares to pole vault as Mike Wilson and Jim Moore look on.

Wayne Bene, Larry Odom and Gary Simpson carry their clubs to the golf course for an afternoon round of practice shots.

Moore golfers have been participating in school competitions for four years and have an excellent win record. Brookside is the home course but much practice is done at school. This year fifteen boys went out for golf with four members selected for the Varsity team. Coach is Robert Vance with Mike Fry as assistant.

Editors Letter

The pages which you have just passed through represent only a small part of our high school days. Many memories have been recorded and contained in this yearbook, others, though not written down will remain with each individual for the rest of his life. Producing a yearbook takes a lot of time, work, and the talents of many people. The Timekeeper Staff of 1966 takes this opportunity to extend our gratitude and to pay tribute to these people:

To the parents of the staff members for their understanding and cooperation.

To The Lion's Roar and Mrs. Bennie Raine for references and pictures.

To the Faculty and Administration for putting up with us while taking pictures.

To Mr. Joe Kelly for taking our pictures.

To Mr. Bill Thomas and Mr. Russ Lackey for their unlimited patience and help.

I would also like to extend special thanks to the entire staff, which worked many late nights and put in many extra hours. Without them this publication certainly would not have been possible.
